ECOBOTTLE

**THE FIRST
PORTABLE
DEVICE THAT
DESINFECT
WATER WITH
OZONE**

Drinking Bottle | Water Purifier System
| Eliminates viruses and bacteria | No
Filters or Purifying Tablets Needed

ECOBOTTLE

💧 **【DISINFECTS WATER】** Portable water purifier for Sports that disinfects water through Ozone, eliminating bacteria such as E-Coli, Pseudomonas Aeruginosa, Enterococcus Faecalis and other viruses frequently transmitted through water. All this without the help of purification tablets or purification tablets.

🌿 **【100% NATURAL】** This is a portable and reusable bottle. It is scientifically proven that Ozone is the most powerful, effective and harmless natural disinfectant for our health. By using a 100% biological process, the smell and taste of the water will remain totally neutral.

🔬 **【PATENTED TECHNOLOGY】** Water bottle with a system based on a powerful electronic circuit of the latest technology developed in Spain. Thanks to its rechargeable battery, it has a long lifespan. This bottle is made of Tritan, a material that is harmless to health, shock resistant and free of BPA and BPS.

ADVANTAJES

ECOBOTTLE

🌍 **【REUSABLE】** Using this water purifying bottle reduces the consumption of single-use plastic bottles that pollute the environment, preventing up to 1,000 plastic bottles a year from ending up in forests, rivers and oceans.

👍 **【EASY TO USE】** Just by pressing a button, the ozone purification process is activated and in 3 minutes you have 100% safe water free of bacteria and viruses. In addition, it is very light and easy to transport. It is ideal for drinking drinking water from any source when you are traveling, walking, playing sports, on the way to the office or even in your own home.
